PREFACE

This supplement to the November 1962 statement of vote was compiled under authority of Section 18756.5 as added to the Elections Code by Chapter 133, Statutes of 1961. It is the first "vote supplement," there being no requirement for such publication pertaining to the direct primary election.

The supplement must show the number of votes cast in each county, city, assembly district, senatorial district, congressional district and supervisorial district for each candidate for the offices of presidential elector, Governor and United States Senator (depending on offices to be filled), and on each statewide ballot proposition of major interest.

Propositions of major interest are determined by the Secretary of State by reason of Section 18413.5, Elections Code. Numbers 1A, 23 and 24 at the November 6, 1962, general election were selected.

The absentee vote is included in *all* figures shown in this report with the exception of the portions relating to cities and supervisorial districts. The one absentee total appears at the end of the city and supervisorial district listings for the county. A breakdown of the absentee vote for inclusion in the regular figures for *each* city and *each* supervisorial district was not attempted. Technical problems would have been encountered by county officials. Also, it was thought the secrecy of the ballot might not be preserved in cases where but one or two absentee ballots had to be counted for some city or supervisorial district of small population.

I acknowledge with appreciation the fine co-operation of the registrars of voters, county clerks and their deputies in providing the detailed information for this largest vote compilation ever published by the State.

PREFACE

This is the second general election "vote supplement" compiled under authority of Section 18756.5 as added to the Elections Code by Chapter 133, Statutes of 1961. The first supplement followed printing of the regular statement of vote pamphlet for the 1962 general election.

The supplement must show the number of votes cast in each city, county, supervisorial district, assembly district, senatorial district and congressional district for each candidate for the offices of Presidential Elector, Governor and United States Senator (depending on offices filled at the general election) and on each statewide ballot proposition of major interest.

Propositions of major interest are determined by the Secretary of State by reason of Section 18413.5, Elections Code. Proposition No. 14 was selected for the November 3, 1964, general election.

I acknowledge with appreciation the cooperation of the registrars of voters, county clerks and their deputies in providing detailed vote abstracts, summaries and memorandums so necessary for a compilation of this nature.
